ANDERSON, Kenneth Jr.

Mother Nature has been known to play funny tricks on the human race, and she pulled a real good one on Kenneth & Judy Anderson, RR 3 Rochester.

They are the only couple known around here to have had three children born on the same day (that weren't triplets.) To add to the excitement, two of the three were born a minute apart.

On June 22, 1967, Mrs. Anderson gave birth to their first daughter, Carol, in the Peru hospital at 7:14 a.m. Carol was due May 10.

On June 22, 1974, Mr. & Mrs. Anderson had their second daughter, Mary, in the Peru hospital. She was due May 5.

But to top it all off, last year the Anderson's had Kenneth Jr. In the Plymouth hospital at 7:15 a.m. He was due June 10.

Mr. Anderson was thrilled that the last "birthdate baby" was a boy, of course.

"I don't know how it happened, but I do know that it sure wasn't planned," said Mrs. Anderson.

So now the Andersons will have a very large birthday party for the three June 22 birthdate babies.

Oh, and not to forget Loretta - she was born March 23, 1972 in Peru - she's the very lucky one because she shares her birthdate with no other in the family.
